Government Report.
for year ending Dec. 31. 1901.

"Last year's awards are repeated. The rooms are tidier, & there is some more wall decoration. A good map of the British Isles & proper teacher's chairs would be a further improvement.

The singing & other points reflect credit upon the Master's kind & intelligent supervision.

The Managers by employing a Master prove their enlightened interest in the welfare of the "Village".

L. Grass is continued under Article 68 of the Code.
