Copy of Report made by W. M. J. Mr A. J. Swinburns

There is a marked improvement here, and the children are obviously deriving much benefit from the example & influence of the Headmistress

The Assistant in the main room conducts her class in a way which proves how much can be done by loyal & conscientious attention to suggestions from those whom experience qualifies

The instruction, order & tone call for much praise.

F. J. Lucas. Correspondent.

Copy of Scripture Report. - April 20th 1910.

This school, with the exception of hesitancy in some of the answers to questions on the Old Testament passed a good examination in all subjects.

I am glad to find that special attention has been given by Miss Goldsmith to the moral & spiritual lessons contained in the selected portions of the New Testament, as evidenced by the intelligent answers of the children.

The Infants & Standard I answered brightly & intelligently. The general Tone & Discipline of the School are excellent.

Report of Instructor of Physical Exercises.

Report on Class Teaching:-

- a. Discipline - Good.
- b. Correctness of movements - Very fair.
- c. Word of command - Good, if time & tone were
 varied a little more.

Remarks: -

The Syllabus has been carefully studied
 the exercises are carefully done, but not

smartly. A great deal could be done to improve this if the time & tone of the command were more varied. The games form an important part of the class, & the more agility movements introduced, the better, as they will do much to smarten up the class.
