Parent 48-F. E. L. Lucas.
Correspondent.May. 8thDuring this week the school
has been without an
Assistant mistress.

May 11.

I find the children in all standards are very weak in Arithmetic and Spelling.

The reason for the former is that they cannot work their sums correctly because they do not know their Tables.

I have given several special lessons on Tables and Spelling by sound.

May 14.

Attendance Officer called.

" 15.

Miss Violeta Frempowieski, from Cotton School, near Loveslip, has come as Supply Assistant.

" 22nd.

Miss Teach, School nurse called.

I was unable to send Form 140d. to the two families who required them - as there were no such forms in School - I have written to the Education Committee for them.

" 25.

Forms received - have sent the two formerly mentioned.

The Attendance Officer called.

The Supply Assistant left -

May 29.

Friday, so today there is no work without a Teacher for the Infants. Closed School today for a week's holiday.

June 8.

Opened School today. Miss Cook returned to work after a month's absence.

June 11.

The Attendance Officer called. I have decided that it's quite useless to continue working from "Kilbuck's Realistic Arithmetic" any longer until the children have a better knowledge of tables and are able to work the elementary rules.

I have been working from these books up till now, hoping the children would pick up the rules as they went along. As all the children were working Arithmetic at the same time, it was impossible to do any perceptible amount of work, as each child required individual teaching.

29

- June 15. Two children away ill this afternoon.
- " 18. School Attendance Officer called.
