

Safety in the tower

For your own safety and those of others please learn and follow these simple rules:

- 1 Never touch a rope unless you are told to do so.
- 2 Concentrate at all times, particularly when the bells are being rung.
- 3 Listen to what the tower captain tells you to do.
- 4 When told to do something – do it immediately.
- 5 Keep both your feet on the floor – don't cross your legs if sitting in the ringing gallery.
- 6 Keep out of the way of other people who are ringing.
- 7 Be sensible!
